

Positive Space ART studio

Summer ART Camp

Join our summer art camp (ages 4-12) and we will send you home with an excited & proud paint-smudged artist & a frame-worthy pile of loot! They might look like they just did the Color Run 5k but on the bright side - no sunburns or skinned knees!

Each day, we plan a well-paced line up of projects, involving a wide variety of materials, subjects, and art principles. We might start the day with a watercolor painting project, and then finish a papier mache project from the day before. Throughout the week, students could have the chance to explore painting, drawing, chalk pastel, oil pastel, sculpture, papier mache, collage or printmaking! As necessary, students are split into age groups to work on age and developmentally appropriate projects.

A short break half way through each day allows for a healthy snack & giggle break. Your budding super stars are washed up and ready to go right at pick-up. Be prepared, as they will have (slightly drippy) projects in hand that they are beaming to tell you about!

This summer we will offer 2 weeks of Art camps at Cedar Creek in the Art Building.

Each week will be different, so join us for both.

Cost for the week \$180.00... cost includes snacks and supplies.

Payments due by June 1st

Make Checks payable to Positive Space.

June 12-16	
___ Session I	9-11
Ages 4-12	
___ Session II	1-3
